Re: Ex Parte Presentation: CS Docket No. 97-80; CSR-7131-Z

Dear Ms. Dortch:

On October 4, 2007, Stephen Effros, representing Beyond Broadband Technology LLC ("BBT") met separately with Cristina Pauze, Legal Advisor to Commissioner Robert McDowell; Rick Chessen, legal advisor to Commissioner Michael Copps; and Steven Broeckaert, Brendan Murray, Michael Lance, Alison Greenwald Neplokh, and David Konczal of the Media Bureau. Mr. Effros provided an update regarding the BBT's schedule for conducting system tests of its open standard downloadable security system and its discussions with additional manufacturers regarding the production of low cost devices employing the BBT open-standard downloadable security solution. Mr. Effros also urged that the Commission not take any action regarding the BBT solution or Jet Broadband's deferral request that would impede the progress that BBT is making towards the deployment of low cost open standard downloadable security devices. Finally, Mr. Effros reiterated BBT's willingness to meet with any interested parties subject to appropriate confidentiality measures.

In accordance with section 1.1206 of the Commission's rules, an electronic copy of this notice is being submitted for inclusion in the record of the above-referenced proceedings.

Respectfully submitted,

Seth Davidson/cas
